Code Delivered	Testing Complete	Holiday

Release 0.9.10

Code Delivered - 10/18/13

Testing Complete - 10/24/13

Issue Number	Issue Description
3351	Only show task name and title for collective tasks in pop-up dialog and reports
3293	As an exercise owner, I want to be able to "Complete" my exercise so that it is published to the repository and searchable for read only viewing and reuse by other users
1395	As a user, I want to be able to default the Road to War for an exercise to the start Road to War provided in TRISAs OE Assessment
1777	As an owner or contributor, I want to be able to search for an OPORD in the repository in Phase IV by Unit Echelon – and apply it to an exercise in development in Phase IV.
3327	Role Player Report: Overall Classification is incorrect
3352	Performance Requirement - re implement Owners/Readers/Contributors and retrofit site with updates

Release 0.9.11

Issue Number	Issue Description
3147	OPFOR Event Page - "Unit" autocomplete field contains Audience Units, not OPFOR Units.
3229	Small un-styled buttons on the role page
3260	Portion Marking for Training Location is not displayed on exercise params page until a page refresh
3261	Portion Marking for Operation is not displayed on exercise params page
3345	Improve Load Time for OPFOR Page
3353	Implement 1hr inactivity timeout

Release 0.9.12

Release to Test - 10/31/13

Testing Complete - 11/7/13

Issue Number	Issue Description
3121	Phase I - On a new exercise TA is not accessible in the side nav once all required fields are filled out - it should be.
3321	Add Standard to the list of Event Types
3322	Add Interrogation to the list of Event Types
3269	Home Page/Search Page - Number of results displayed for some filters is incorrect
3317	Remove FTPO from use as a portion marking
3332	IE9: Report Download only works intermittently
3334	After copying an exercise - all phases are active except training audience

Release 0.9.13

Issue Number	Issue Description
1912	Role Player Instructions - Marital status and gender are both displayed as "M" if the role player is male and married
3144	Role instructions should be a text area not a text field
3315	Commander's Purpose instructions should be a text area not a text field
3316	Commander's End State instructions should be a text area not a text field
3323	If a role is not required for an event the red asterik should be removed. The tester was able to move forward without selecting a role player for an exercise event.
3324	IE9: A PMESII-PT entry is not immediately deleted or removed from the from the list. The tester clicked the delete icon 2x before the list was updated.
3335	Improve Delete Confirmation on Exercises

Release 0.9.14

Issue Number	Issue Description
2493	Exercise Identifier Report - "Location" was changed to "Training Area" instead of "Training Location"
2821	Reference Documents Missing
3318	Add Start Date to the Storyline Add Form
3319	IE9: The "Go To Item" button is not displayed when the user clicks on an event from the timeline.
3328	Add Exercise Type to Exercise Identification Report
3329	Blue/Red Force Structure Report: Bullets in downloaded report are circles with a 10 inside it
3330	Exercise Identification Report - Change "Exercise Security" to "Classification"
3331	Task Reports: None of the tasks have an overall classification. The classification should be added.
3333	Update TSP Page to be consistent with exercise parameters page
3336	FF Only: The screen is blank when the tester initially logs into TBR.
